SAFETYSCOPE

Ontario Water Wastewater Certification

The following courses have been submitted and approved by the Manager, Certification, Training and Client Service, Ministry of the Environment .

These courses meet the criteria in subsection 29(4) of Ontario Regulation 128/04, Certification of Drinking Water System Operators and Water Quality Analysts.

On completion of training all participants will receive a certificate of completion with corresponding CEU Value

Safetyscope's trainers have the required safety training techniques and have the experience to meet our customers' needs and objectives.

For in-house training courses we can tailor the course to meet your workplace specific training needs.
