JHSC Part 2 Certification Training

This approved two-day Part 2 Certification course was developed by **Dwight Barratt Consulting Inc.** and addresses the curriculum requirements for certified members of JHSC.

JHSC Part 2 workplace Specific training, the employer is required to select a training program that provides training in a minimum of 6 hazards that are relevant to the committee member's workplace. Training is based on the application of Recognize, Assess, Control and Evaluate (RACE) methodology.

Part 2 Workplace Specific Course Duration: 2 days or 13 hours and must be completed within 12 months of Part 1 training or obtain a one-time extension due to extenuating circumstances.

After successful completion of the required Part 2 training modules, the training provider will notify the MLITSD that the participant has successfully completed the training to become a Certified Member of the JHSC.

Some Workplace Specific Hazard Programs available are listed below, and we can customize the training to meet your organizations specific needs:

Safety Services
