

# SAFETY SERVICES

## Working at Heights Refresher Training

**Provider ID # WAH-34602**

**Prerequisite:** Valid Working at Heights Certificate

Working at Heights training is valid for 3 years. This refresher course must be taken before it expires.

### Course Prerequisites

You must have a learner ID # and bring it with you to your training.

Participants will:

- Review basic working at heights awareness ranging from employer and supervisor obligations
- Understand working at heights-related hazards, along with safeguards and procedures designed to protect workers.
- Review fall protection equipment and systems
- Review component identification and deficiencies
- Review ladder selection, inspection and proper use

## Safety Services

- ◆ Traffic Control Person
- ◆ Traffic Control Program
- ◆ JHSC Certification Training
- ◆ Workplace Inspection / Accident Investigation
- ◆ Competent Supervisor
- ◆ Lockout / Tagout Energy Hazards
- ◆ Confined Space Attendant, Entry and Rescue
- ◆ Chemical Hazard Training
- ◆ WHMIS Training

## Evaluation

The participant will demonstrate how to inspect equipment; how to don, adjust and doff a harness, and maintain how to maintain 100% tie-off when moving from one anchor to another.

Successful completion of this four-hour refresher training will re-validate WAH training compliance for three years.

At the conclusion of the training the student will receive a certificate from the Ministry of Labour , Immigration , Training, and Skills Development.
